Re: Vanmar Constructors

To whom it may concern;

Over the past eighteen months I have worked on the Gibsons Campus of Care project in Gibsons, B.C. sponsored by the Good Samaritans of Canada, financed by BC Housing and the Ministry of Health. I was the consultant inspector on the project for BC Housing and The Ministry of Health. Vanmar Constructors was the General Contractor for the project. Their delivery and performance on the project was exemplary. The project management for the project was very efficient effectively implemented at all stages. The project came in on time and was on budget.
