To Whom It May Concern

Re: Vanmar Constructors Inc. (Friendship Lodge Project)

We have been working with Vanmar Constructors Inc. for the past year and in May 2009, they completed the Friendship Lodge Project. Friendship Lodge is to be the first gold rated LEEDS project in Prince George.

Throughout this entire project, we found Vanmar Constructors Inc. to be extremely professional in all aspects, accommodating to our requests and needs, as well as responsive to our vision for the lodge.

Vanmar Constructors Inc. had each construction phase charted out to precise time periods and kept to all target completion dates within their control. We felt they operated at a high level of organization (even through the many complexities that arose) and kept us well-informed on project progress and of any possible changes and associated costs.

As a society, we would unhesitatingly recommend Vanmar Constructors Inc. to any organization looking to procure a constructor.

Sincerely,

Nicole Lindstrom
Friendship Lodge Development Coordinator
Prince George Native Friendship Centre Society
